# MORNING

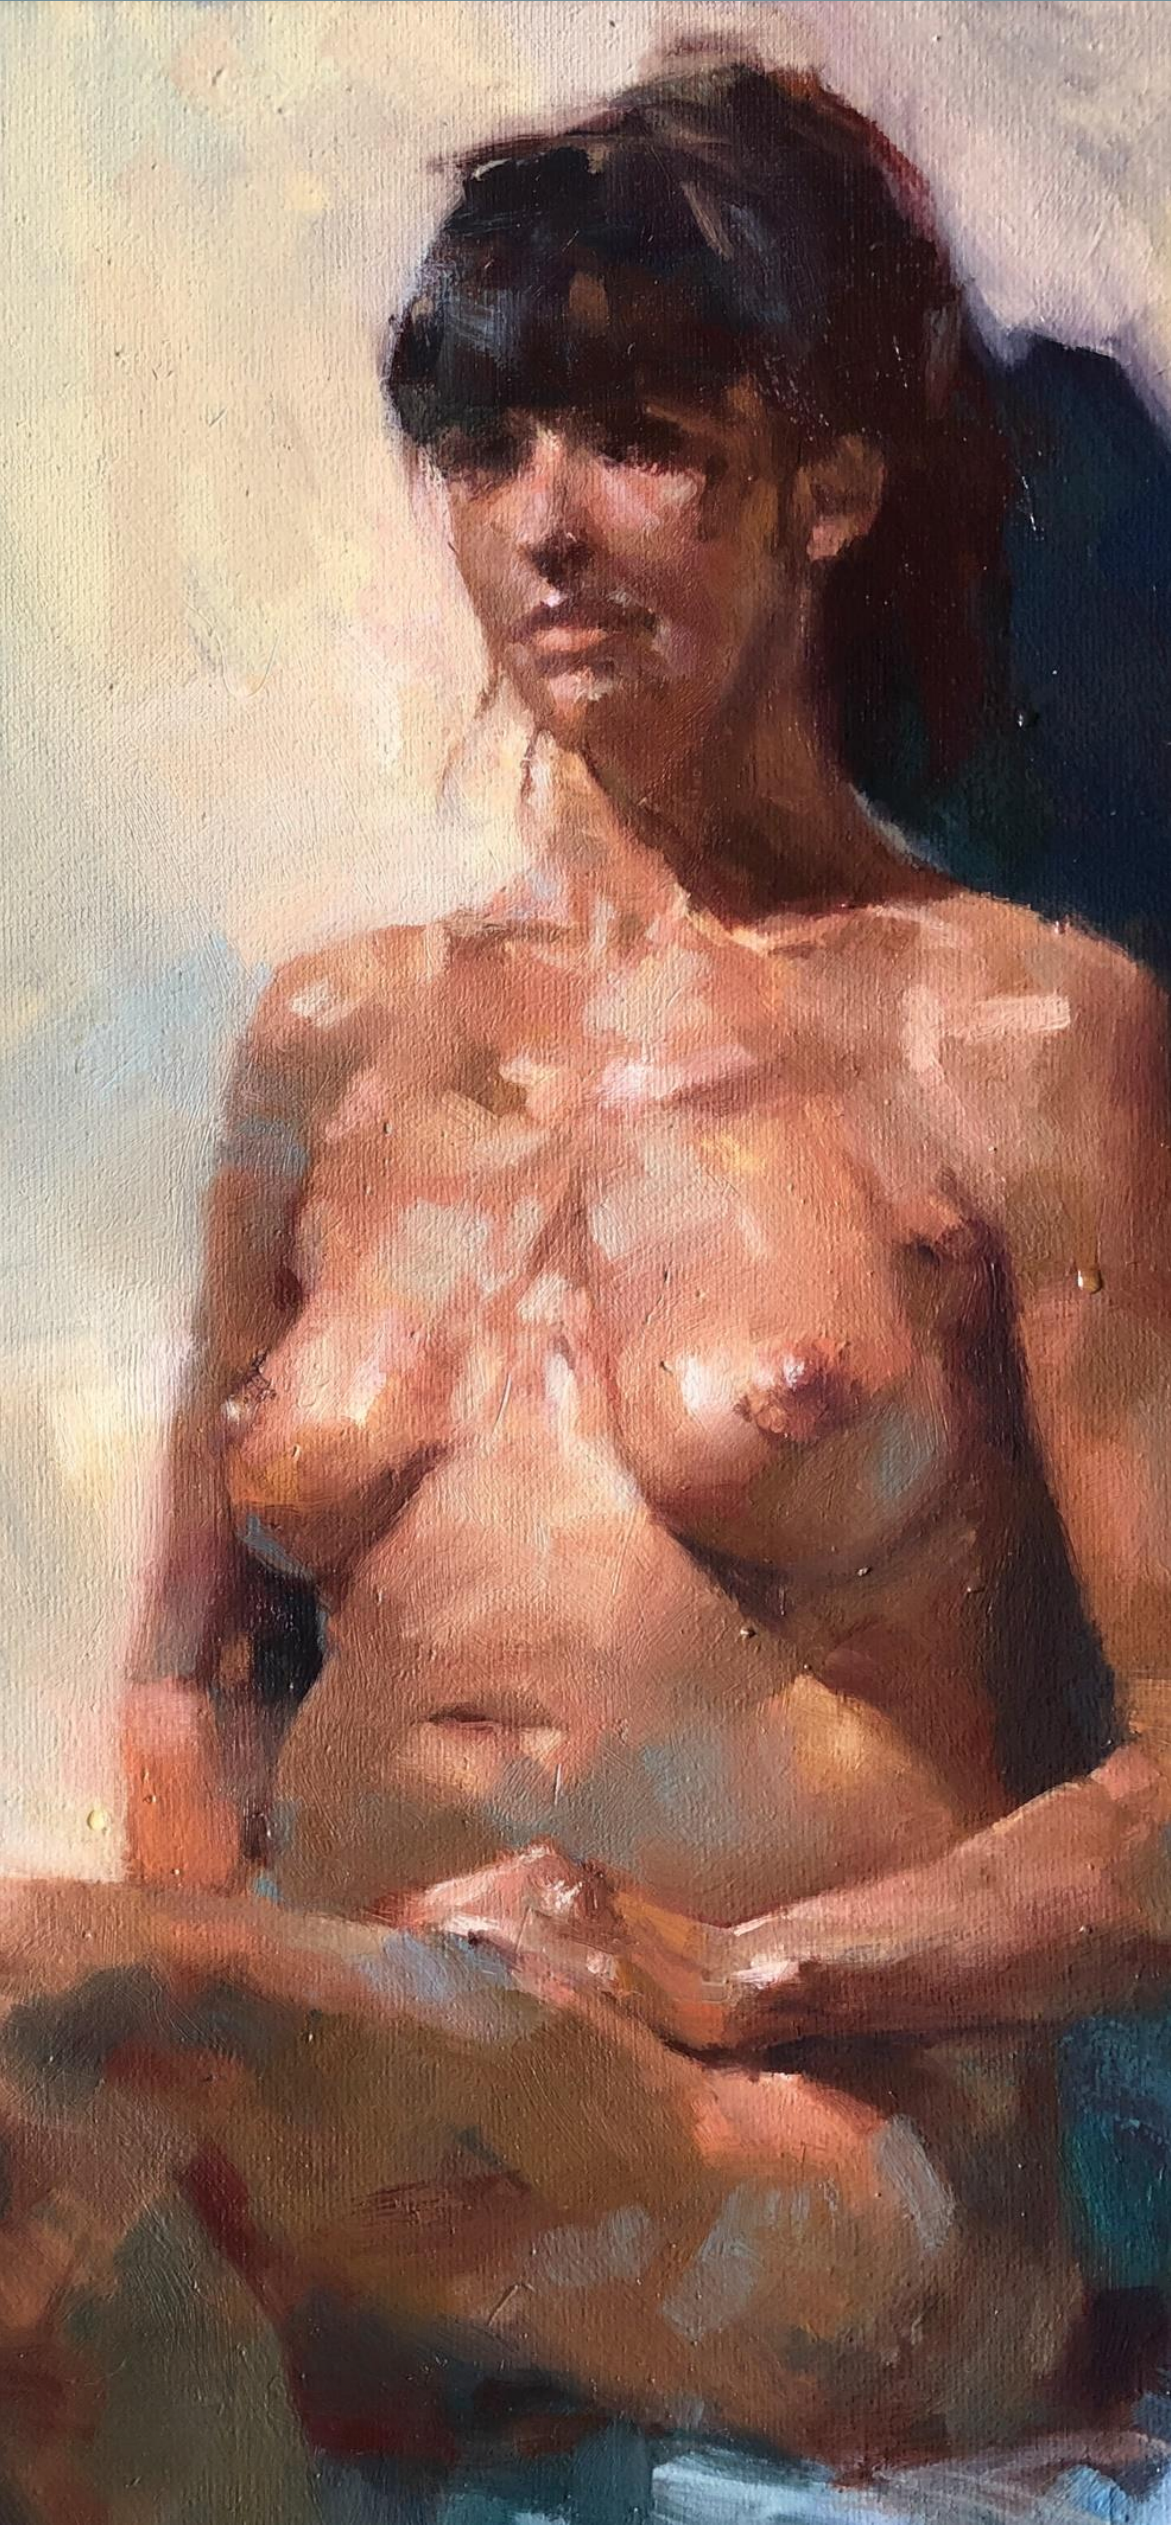

Morning welcomes an interesting chapter to our daily lives. The gleam of soft sun rays wake us up physically and emotionally.

Some of us will immediately embrace the sunlight without a doubt as it is all about a new start, challenges and possibilities.

Some of us are not yet ready to say goodbye to the sweet dreams, but choose to luxuriate in bed, yawning and lazing around until we fully come into consciousness - last night does not matter anymore, regardless of the lack of achievement at work, or the heavy hang-over and the associated “fun” with no clue how it started and ended, or perhaps the regular anxiety of “why I am single”, and so on. After going through those thoughts, we clamber laboriously off the bed, slowly appreciating the morning sun rays like caffeine, and saying: it is going to be fine, as it is a brand-new day!

## 晨思

清晨的意趣，在于从如常的生活轨迹上，再次开启崭新的一天，趁日光仍然柔和，我们的身心都刚刚苏醒。/ 我们中的一些人，会迅即起身，拥抱晨光中更新的世界——新的开始、新的挑战、新的机遇。/ 而另一些人，在清醒的临界仍不舍美梦，他们留恋着床榻、打着哈欠，昏沉而慵懒，直到意识一点点浮现，昨晚的光景在脑海里闪回：工作似乎草草收尾？宿醉和闲娱是如何开始又如何结束的？或者又是老调重弹的单身焦虑？盘点着剪不断理还乱的思绪，他们缓慢的坐直了躯体，像品尝咖啡一样一口一口的感受阳光的味道，喃喃地说着：一切都会好起来吧！新的一天开始了。

## BIO

Jack Liang Wang was born and raised in Shanghai. He lives and works in Hong Kong since 2010. From an early age and under his father's influence, Liang was trained in Chinese calligraphy for 7 years. During this extensive training, Liang was also exposed to drawing & painting which he later found to be a better art form with which to express himself and his ideas. Following his passion, he pursues part time fine-art courses and continues to be self-taught whilst creating most of his painting techniques independently.

Painting is a way of meditation for Liang, that helps him to find peace and allows his emotions to flow naturally and genuinely onto the canvas. The early practice of Chinese calligraphy taught him the balance of Yin & Yang, and the beauty of the imperfect, impermanent and incomplete; whereas his other practice in industrial design and mechanical engineering has led him to a very minimalist style that nevertheless appreciates the quality of simplicity residing amongst the aesthetic essence of the subject. This appreciation is reflected in Liang's artwork which is formed in his own style: figurative yet abstract, impressionist yet universal.

## 简介

王亮出生并成长于上海，自2010年旅居香港。幼年在父亲的影响下习书法7年，在学习期间，亮也接触到了绘画，并在之后领悟到那才是表达他自我的最佳媒介。为了追随这一激情，亮参与了业余培训，并不断自学、磨练出自己的绘画技法。

绘画对于亮而言，成为专注和冥想的工具，这一技能为他带来内心的平和，也让他能自由地将情感挥洒在画布之上。早年书法的训练让亮理解了阴阳的平衡、以及生活中短暂和不完整的存在背后的美妙。而他主修的工业设计和机械工程专业又让他日渐养成简约与精炼的表达风格。两种特质反映在亮的作品里，写实却又抽象，印象主义但也让人易于共鸣。
